

# Wellesley Friends Meeting

Hybrid Meeting  
Evolutions

CharM Wood-Harrington

# Gen 2 System

Originally all equipment was already owned by Wellesley Meeting or myself.

First use of Gen 2 System was July 26, 2020. Wellesley Friends Meeting has been holding a hybrid Meeting for Worship for all but 4 First Days since that date!

# Hybrid Outside Gen 2

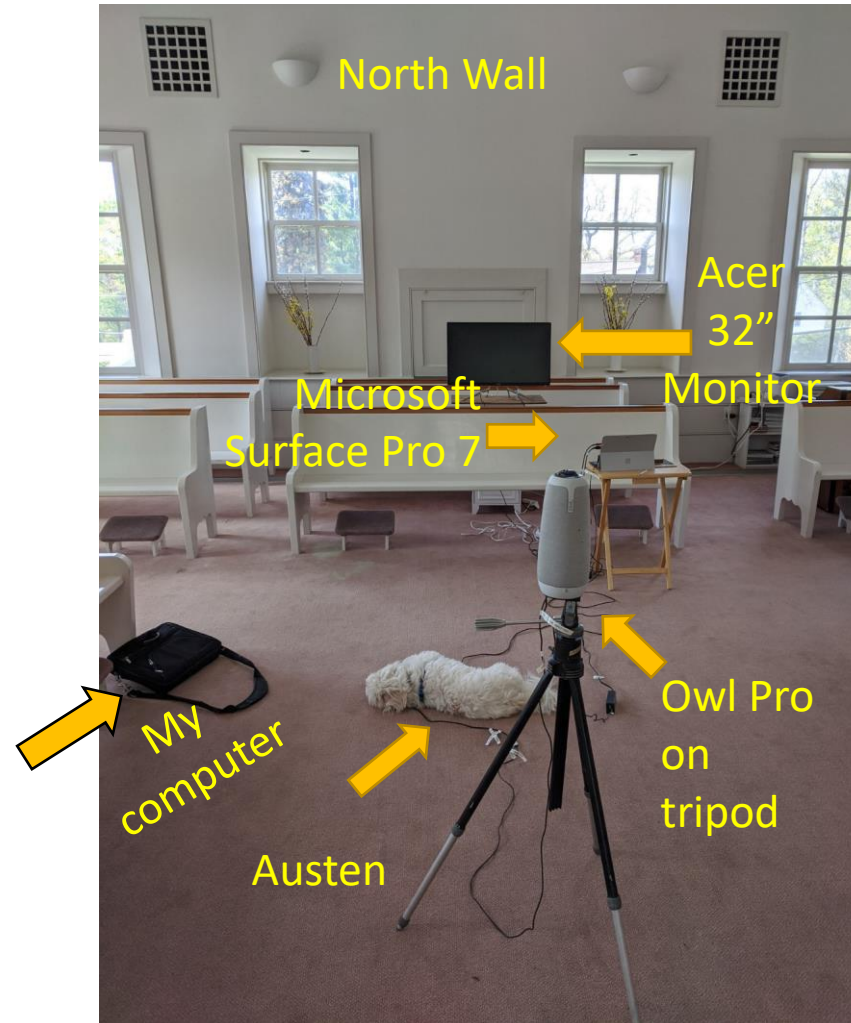

Friends masked  
and socially  
distanced

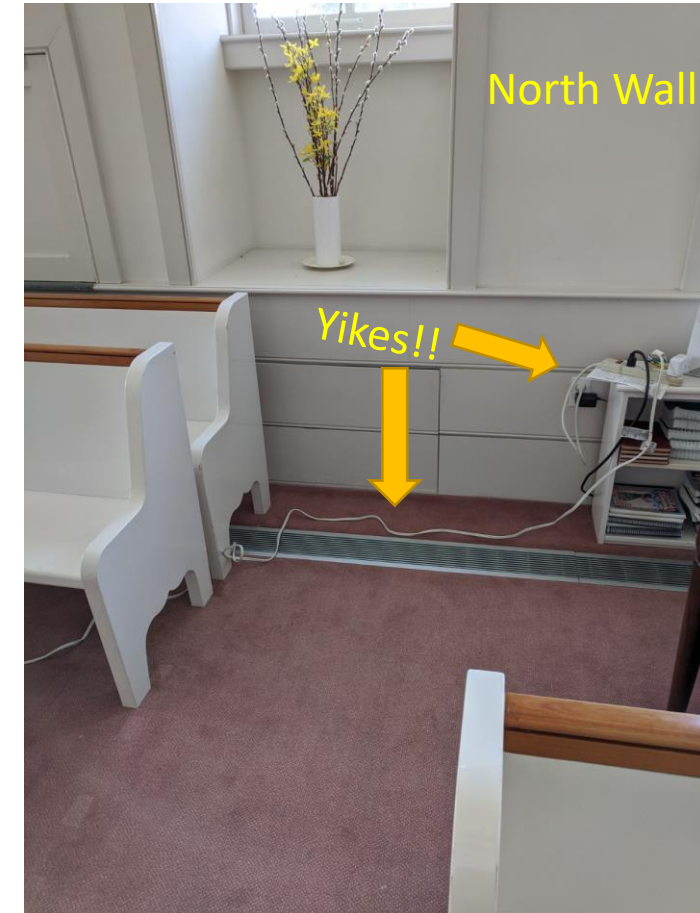

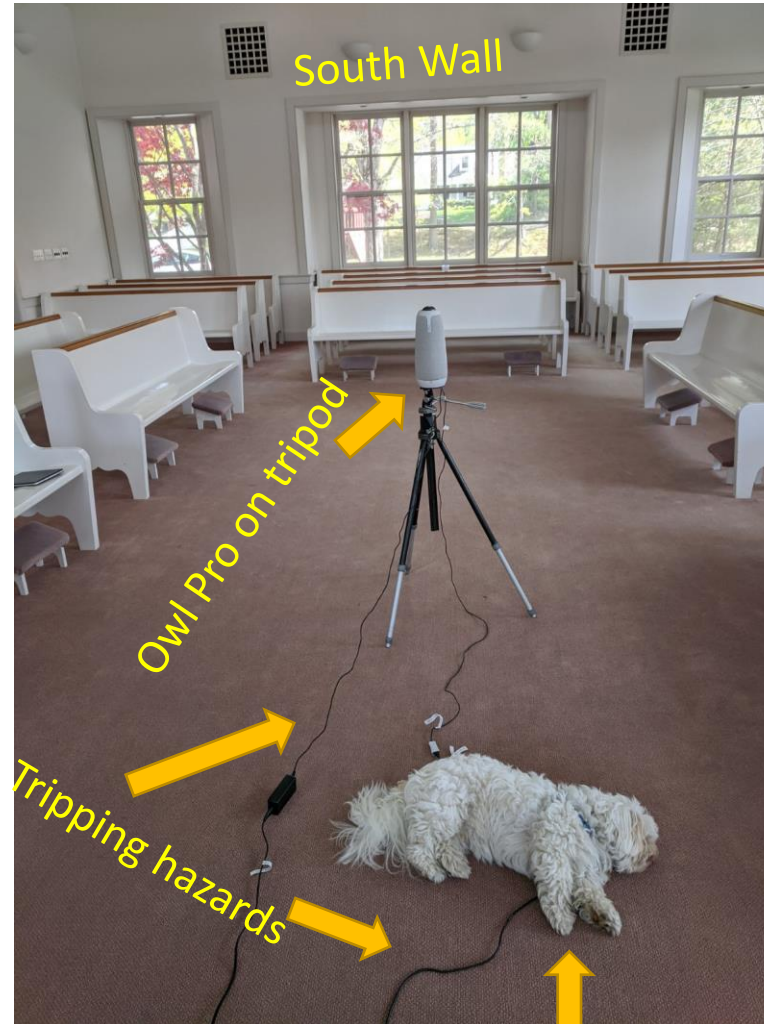

# Tests of Gen 3 in Meeting Room

- Sound Test
- Test of OWL's ability to track speakers
- Test for interference with ADA hearing system
- Cabling check

# Tests of Gen 3 in Meeting Room some concerns

- Cables present a tripping hazard
- Need to run cables so less obtrusive

Austen –Protecting us from or becoming a tripping hazard?

# Test of Gen 3 in Meeting Room some concerns

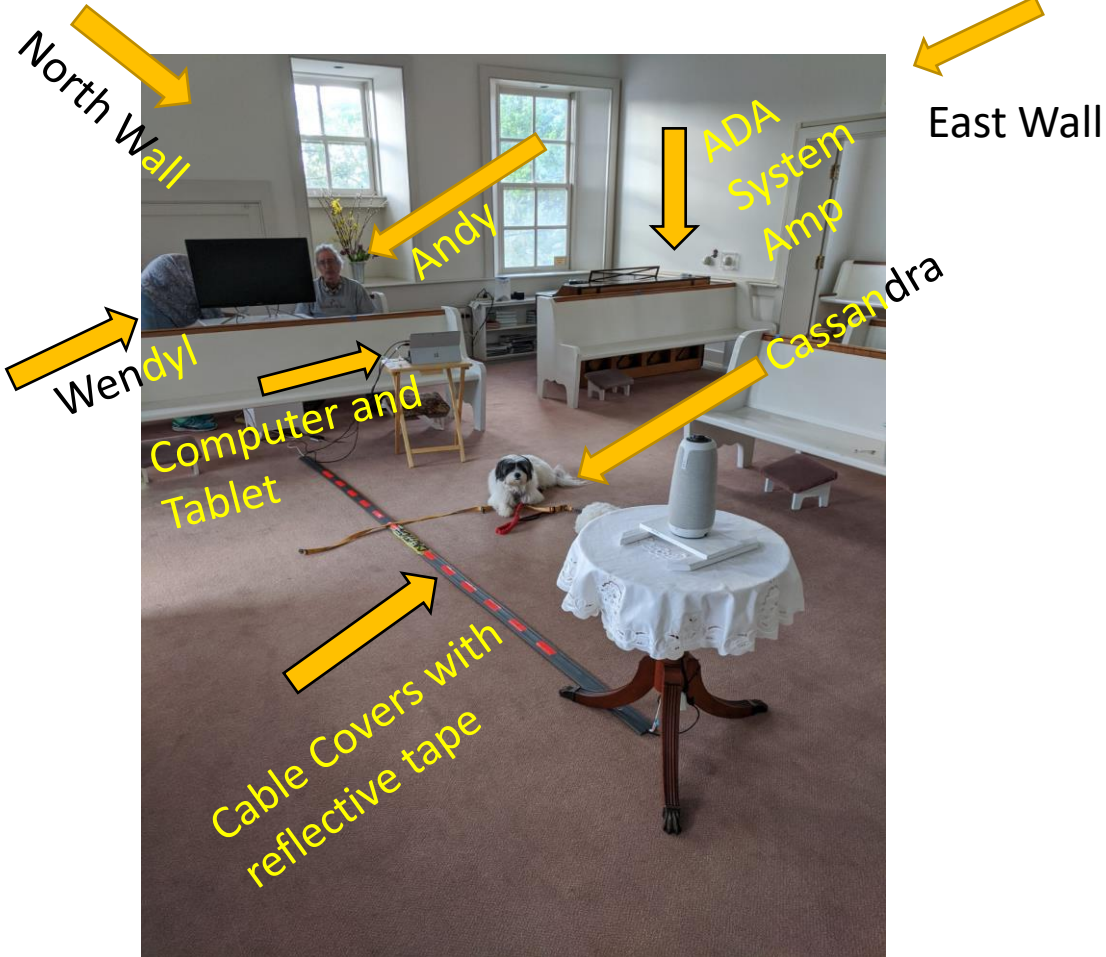

- Use of cabinet to hold the monitor. Need to paint the board.
- Tripping hazards!!

# Ready for Meeting for Worship and Latest Configuration

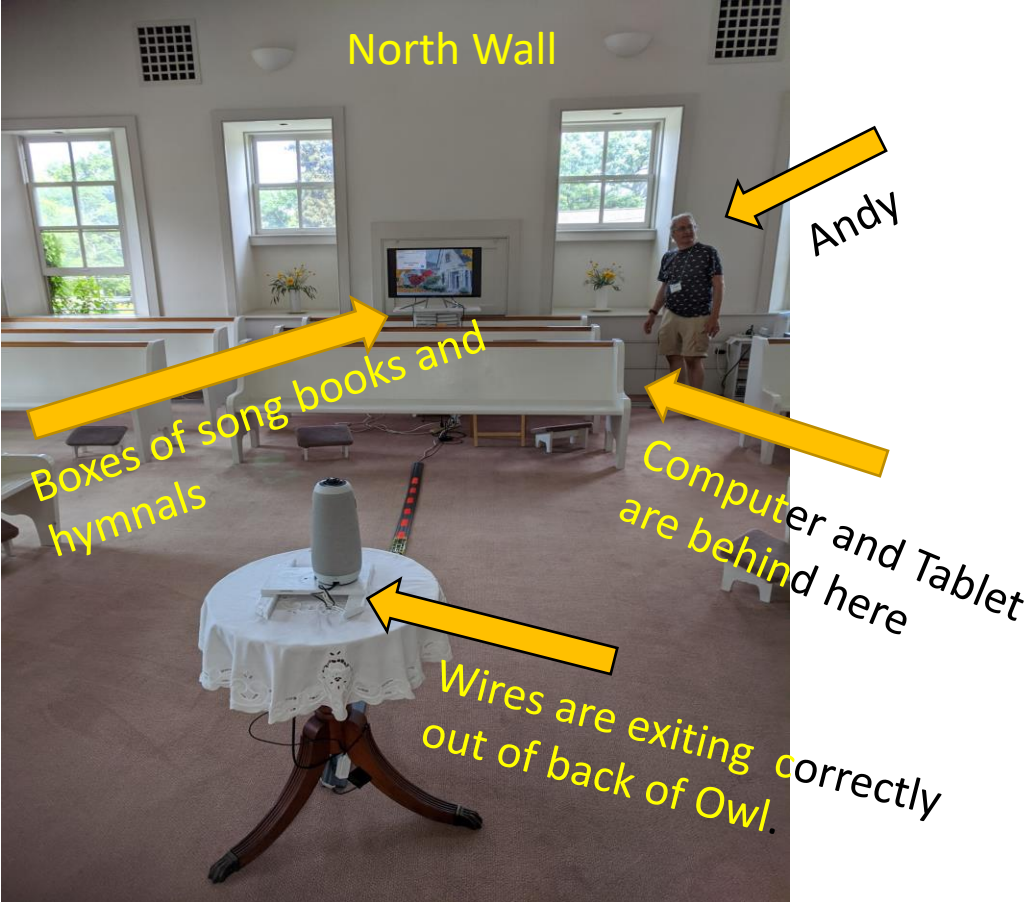

Cable covers installed

Paint applied to Owl stand and Monitor stand

Latest Configuration:

The computer and the monitor have each been moved back one bench. The monitor has been raised.

# Gen 3 is Our Current Hybrid System
