

Friends Association for Higher Education Conference

* FAHE invites you to join teachers, scholars and educational administrators on the beautiful campuses of Swarthmore College and Pendle Hill near Philadelphia, for our annual conference.

We'll consider the theme *Truth and Inspiration* and other topics of interest to Friends and educators through presentations, panel discussions, and 3 plenary speakers: **Joyce Ajlouny**, General Secretary of the American Friends Service Committee; **Maurice Eldridge**, Vice Chair, Chester Fund for Education and the Arts and Pendle Hill board member; and **Frances Rose Blase**, Haverford College Provost.

The conference also offers a disciplinary theme, as we prepare the seventh volume in our "**Quakers and the Disciplines**" book series. Sessions will address the theme of *Quakers, Social Work and Justice Concerns*. Conference presentations provide an opportunity to draft an article for inclusion in the volume.

June 13-16, 2019

**Swarthmore College and Pendle Hill
Swarthmore and Wallingford, Pennsylvania**
